ADDITIONAL NOTES

CLINICIAN SIGNATURE: ..... **DATE:** .....

YOUR ATTENTION IS DRAWN TO THE FOLLOWING STATEMENT: This is a custom-made medical device that has been wholly manufactured within the UK and satisfies the design characteristics and properties specified by the prescriber for the above named patient. This device is intended for exclusive use by this patient and conforms to the relevant essential requirements specified in Annex 1 of the Medical Devices Directive and the United Kingdom Medical Devices Regulations. *This statement does not apply to medical devices that have been repaired and/or refurbished for an individual patient's use.*

Storing, handling and instructions of use: The appliance is supplied in a non-sterile condition. It is recommended that before use this medical device is stored in a clean and safe environment that prevents it from coming into contact with materials, equipment, acids, alkalines or bleaches that could cause physical or chemical damage. The device should not be subjected to extremes of temperatures when stored. You should take care when removing the device from its model. Where applicable, instructions on how to clean this device may be obtained from the prescriber. This prescription has been placed under S4S T&Cs of supply and it is assumed that you have complied with any other associated documentation, e.g. Patient Pre-screening Questionnaire for MAS Therapy. *Express Service is available on most products, please check with S4S for further information.
